Sub call of: H2020-REFLECTIVE-2014-2015

Publication date	2013-12-11	Deadline Date	2014-06-03 17:00:00 (Brussels local time)
Total Call Budget	€9,000,000	Main Pillar	Societal Challenges
Status	Open	OJ reference	OJ C361 of 11 December 2013

Topic: Social Platform on Reflective Societies

REFLECTIVE-9-2014

Topic Description [Topic Conditions & Documents](#) [Submission Service](#)

Specific challenge: Europe has a very rich intellectual, historical and cultural basis with many European and non-European influences that have shaped it over the centuries and continue to do so today. The societal challenge 'Europe in a changing world - inclusive, innovative and reflective societies' gives a prominent position to the European cultural heritage and creative expression as well as the diversity of its society which creates a potentially very vast research agenda.

Research on the European history, culture, its peoples and their identities, performative practices and lifestyles is crucial particularly in the light of European integration, as well as of growing diversity within European societies.

Since this is a broad and complex domain with a long research tradition, it appears appropriate to establish a social platform of researchers, stakeholders and policy-makers to address these issues in a comprehensive way.

Scope: The social platform will bring together the relevant research communities with stakeholder representatives, such as for example practitioners from the socio-cultural and artistic sectors (galleries, libraries, archives, museums, and other public institutions), as well as policy stakeholders (at European, national and/or local levels). A wide range of views and of stakeholder participation will be encouraged.

H2020 ONLINE MANUAL

The Commission publishes on the Participant Portal all the Calls of its research and innovation programmes **H2020**, and you can search calls from previous programmes (**FP7 and CIP**). In addition you can find information about some additional calls in the **Other Funding Opportunities** section. If you apply for the first time and do not know yet the programmes, it is useful to read the H2020 Online Manual. It helps you choose the most suitable programme for your area and profile. Besides, you can search according to your research topic with key words and set filters in the calls list
